

EASYPoE[®] SERIES

NEMA-4X/IK10 Rated  Integrated Networking Enclosure Solutions

Integrated with:	EasyPoE [®] Pro	EasyPoE [®] Lite	EasyPoE [®] Box
Managed/Unmanaged	Managed	Unmanaged	Managed
Max. PoE Ports	12	8	4
Max. PoE/Port	90W	30W	90W
Max. PoE Budget	360W	240W	165W
PoE Watchdog	✓		✓
Max. SFP Ports	4	2	2
Max. SFP Speed	10G	1G	1G
Surge Suppressors	✓	✓	✓
Splicing Tray	✓		✓
GFCI Outlet	✓		
Aux. Power Output	24V		24V
Waterproof Bulkheads	✓	✓	✓
4G LTE Router	Optional		
RJ45 Patch Panel	Optional		
Enclosure Material	Metal or Polycarbonate	Polycarbonate	Polycarbonate
Mounting Options	Wall/Pole	Wall/Pole	Wall/Pole

Time-and-Money Saving Design

Avoid long component lead times, human error, and labor costs associated with assembling your own enclosure. Each enclosure in the EasyPoE[®] Series comes pre-assembled to spec and is weather/vandal-proof (NEMA 4X & IK10 rated).

Versatile Mounting

Enclosures in the EasyPoE[®] Series are both pole and wall mountable, easily providing connectivity anywhere that your cameras or devices require.

Built to Operate in Extreme Temperatures

EasyPoE[®] Series integrated components are built to operate in extreme environments with an operating range of -40 to 167°F (-40 to 75°).

EasyPoE[®] Pro - New!

Up to 12 Gigabit PoE ports (Max 90W/port), up to 4 1G/10G SFP+ ports, Lite Layer 3 functionality, with optional 4G router and copper patch panels.

ORDERING INFORMATION

EASYPOE® BOX - INTEGRATED MANAGED SWITCH

Model	Max PoE/Port	PoE Budget	Gigabit PoE Ports	RJ45 Ports	SFP Ports
EasyPoEBox4F	90W	165W	4 x 10/100/1000M		2 x 100/1000M
EasyPoEBox4C	90W	165W	4 x 10/100/1000M	2 x 10/100/1000M	
EasyPoEBox2F	90W	165W	2 x 10/100/1000M		2 x 100/1000M
EasyPoEBox2C	90W	165W	2 x 10/100/1000M	2 x 10/100/1000M
