

# Product Change Notice

Date: 6/24/2024

Dear Valued EtherWAN Customer,

EtherWAN has released a redesigned version of the EasyPoE® Pro series of integrated network enclosures. Placement of components and wiring inside of the enclosure have been optimized for easier accessibility and installation.

The external product appearance remains unchanged. General functionality and mounting options (wall mounting feet included, pole mounting kit available optionally) remain unchanged. We apologize for any inconvenience and thank you for the continued support.
