

## Product Change Notice

Date: 8/5/2024

Dear Valued EtherWAN Customer,

EtherWAN has released a redesigned version of the EasyRestore, a fiber optic cable termination device for traffic cabinets and roadside nodes. When a traffic accident occurs, resulting in a cabinet knockdown, EasyRestore allows the fiber cabling to be sheared cleanly within the cabinet. This prevents stress and damage to the drop cabling in the ground, maintaining the integrity of the infrastructure.

The fiber optic cables on the EasyRestore, for both the device side and the infrastructure side, have been changed to an armored cable type. Armored fiber optic cables provide significantly better resistance to crushing, extreme weather conditions, and rodents.

The EasyRestore product appearance and functionality remain unchanged. Below are the new model numbers for the device along with the model numbers for optional drop cables in different lengths.

Original Model Number Format	New Model Number Format
------------------------------	-------------------------

Model Number	Description
EASYRESTORE-LC-AB	Full kit, 12 LC connectors for termination, 3-ft drop cable for infrastructure
EASYRESTORE-LC	Replacement unit, 12 LC connectors for termination
EASYRESTORE-100-FC	Optional 100-ft drop cable for infrastructure
EASYRESTORE-200-FC	Optional 200-ft drop cable for infrastructure
EASYRESTORE-300-FC	Optional 300-ft drop cable for infrastructure
EASYRESTORE-400-FC	Optional 400-ft drop cable for infrastructure
EASYRESTORE-500-FC	Optional 500-ft drop cable for infrastructure

Model Number	Description
EASYRESTORE	Full kit, 12 LC connectors for termination, 3-ft drop cable for infrastructure, armored fiber
EASYRESTORE-REP	Replacement unit, 12 LC connectors for termination, armored fiber
EASYRESTORE-DC100	Optional 100-ft armored drop cable for infrastructure
EASYRESTORE-DC200	Optional 200-ft armored drop cable for infrastructure
EASYRESTORE-DC300	Optional 300-ft armored drop cable for infrastructure
EASYRESTORE-DC400	Optional 400-ft armored drop cable for infrastructure
EASYRESTORE-DC500	Optional 500-ft armored drop cable for infrastructure
